Dear Brianna,

Attached for your legal review is a revised draft cover ltr.

After you, Yolanda and John review the cover ltr, I'd like to send to Angeles/David review next. Angeles CDO is Friday, so if she could get it Thurs, that would be great.

Thank you Brianna for working on the "Attachment" portion of the letter. I have attached the latest track changes/notes version from last Thursday. For reference, attached is the timeline I brought to the Enrique briefing that may be a tool in the "Attachment" part of the letter to help the reader follow steps more easily.

Thank you to everyone for your valuable contributions to this important letter!

Lily
